SCALD HEAD, SORE EYES. From Harvey Sickler, Esq., the able editor of the Tunkhannock Democrat, Penn. "Our only child, about three years of are, was attacked by pimples on his foreheid. They rapidly spread until they formed a oathsome and virulent sore, which covered nis face, and actually blinded his eyes for some days. A skillful physician applied ni-trate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried everything else we had any hope from, we

began giving your SARBAPARILLA, and apprying the lodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's eyelast which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

SYPHILIS AND MERCURIAL DISEASE. From Dr. Hiram Sloat, of St. Louis, Mol. I find your BARSAPARILLA & more effectual remedy for the secondary symptoms of Syphilis and for syphilitic disease than any ther we possess. The profession are indebted to you for some of the best medicine we have.
