OUR SCHOOLS.

We give considerable space this week, as we did last week, to reports of what our schools are doing. These reports, taken in connection with the action of our Associations, show that the cause of education has a strong hold upon the hearts of our people, and is regarded as closely allied to, if not absolutely identical with, religion.

The Annual Sermon before the school was preached by Rev. Solomon Carpenter, D. D., of Watworth, Wis., Sunday evening, July 1st, from John 12: 32—'And I, if I be lifted up from the earth, will draw all men unto me.'

DE RUYTER INSTITUTE. The public exercises connected with the close of the academic year of DeRuyter Institute, took place in the chapel of the Institute, on Tuesday, June 26th.

The Examination of the Classes closed Monday morning, July 2d. This embraced the review of the studies in Botany, Geology, Rhetoric, Eloquence, and Greek, taught in the Spring Term, and by the Principal, Rev. Wm. C. Whitford, A. M.; in Latin and French, taught by Prof. Edward Searing, A. M.; in the Mathematics and Commercial Instruction, taught by Prof. Nathan C. Twining; in the English Department, under the charge of Miss A. Miranda Fenner; and in German, taught by Miss Mary F. Bailey.

Monday evening, the Public Session of the Orophilian Lyceum held a large audience for over two hours. This was regarded as equal to any of its former sessions, in the literary merit and the forcible delivery of the orations. The following were the exercises:

- 1. Salutatory—The Fourth of July, Volney W. Foster, Jefferson.
2. Essay—All men are created equal, Clark W. Green, West Milton.
3. Oration—The Student's Success, James P. O'Brien, West Milton.

SOMETHING TO DO. The Unitarians have lately adopted the idea, that in order to the prosperity of their churches, work must be laid out for them to do.

THE POPE IN WANT OF MONEY.—The Papal Government has appointed a new York banking house agent to negotiate a loan of \$4,000,000 in this country, and the Catholics here will doubtless see that the needed funds are forthcoming at once.

attempts—I trust they never will—to raise money by the holding (now somewhat fashionable) either in the church or Sabbath school room, or elsewhere, of any fair, festival, or concert of instrumental music, or by the delivery of any religious or political lecture, or the still more demoralizing and sinful mode—should the churches ever so far degenerate as to adopt it—of balls, parties, lotteries, theatrical performances, raffles, or the voting for distinguished individuals; when and upon the happening of one of these contingencies, the said wharf property and ground rent shall fall into the residuum of my estate, and be subject to the disposal hereinafter made thereof."

WORTHY USE OF WEALTH. It is stated that the late Augustus R. Street, of New Haven, the founder of the Yale School of Fine Arts, left by will some \$50,000 for the endowment of a professorship in the Yale Theological School, to revert, in certain contingencies, to the College library, and about an equal sum for the completion of the Art building and the endowment of some one or more chairs of instruction in that school.

THE PORTLAND FIRE was quite as extensive and disastrous as first accounts represented. The loss will doubtless exceed ten millions of dollars, of which some four millions was insured. Official measurement of the area burned over, shows it to have been three hundred and twenty-seven acres. The length of streets and lanes destroyed is eight and a half miles.

CHANGES OF PASTORS.—A statement has been published in regard to the Congregational clergy of New Hampshire, which illustrates the uncertain tenure by which that class of our citizens retain their places. Of the whole number of pastors, only twenty-five have remained at their present places so long as ten years.

A DIVIDED CHURCH.—There is a church in Vermont in which the people cannot agree whether to face the pulpit or the choir during singing. Some look one way, some the other, and others, seemingly disgusted with the whole senseless quarrel, will not stand at all.

FOREIGN MISSIONARIES.—In March, twenty-six missionary students, trained at Harnsburg by Pastor Harms, were ordained in Hanover for their work, after having undergone the required examination. They will be dispatched shortly in the missionary ship Candace to their various stations; seventeen to South Africa, and the remainder to the East Indies, to America, and to Australia.

THE GOSPEL IN INDIA.—The Bishops of Calcutta, Madras and Bombay have issued a pastoral letter, "to stir up the members of the Church of England to greater efforts for the evangelization of India."

CHINESE JEWS.—The Rev. Dr. Martin, one of the missionaries of the Presbyterian Board, in making an overland trip from Peking, China, to Chien Kang, by the Yellow River, discovered a colony of Chinese Jews at Kae Fungsee, in Humau. They are descendants of a tribe who went from India many centuries ago, and knew very little of the Hebrew rites.

COLORED LADY GRADUATE.—Among the young lady graduates of Genesee Wesleyan Seminary, at Lima, N. Y., on the occasion of the recent commencement, was a young colored woman, the daughter of a former resident of Canandaigua, who was admitted to the bar, and afterwards went to Liberia. She was educated at the expense of the Colonization Society, with the intention of sending her to Liberia as a teacher. She bore the third honors in a class of thirteen, and read an essay on the "Ethics of Fine Arts," which elicited loud applause. The stage was literally covered with bouquets when she retired.
