PUBLIC ESTIMATION.

Such servile employments are black spots upon the feast of the Sabbath. It is most unseemly and unbecoming, that I should be tiring out my body, on that day which is given me for the strengthening of my soul.

Beau Brummell, the particular friend of the Prince of Wales, afterwards George the Fourth, had the following correspondence with one of his more companions just before he bolted for France to escape his creditors. It ran thus:

The wandering Jew.—From the year 1818 (perhaps earlier) to about 1830, a handsome featured Jew, in semi-eastern costume, fair haired, bare headed, his eyes intently fixed on a little ancient book he held in both hands, might be seen gliding through the streets of London...

A clergyman one Sunday, at the close of his sermon, gave notice to the congregation, that in the name of the week he expected to see a mission to the heathen. Day after day the parishioners exclaimed: "Why, my dear sir, you have never told us a word of this before. What shall we do?" "Oh, brother," said the minister, "I don't expect to go out of town."

THE JAFFA COLONY.

An appeal for assistance to return to the United States, has been issued by thirty-eight of the Jaffa colonists.

LETTERS FROM ABOBAD—No. 5. DUBLIN, Ireland, Aug. 10, 1867.

After writing to you from Paris, I came, July 31st, to London, by Boulogne and Folkestone, about 200 miles, arriving the same evening.

The distance from Amiens to Boulogne, on the south side of the English Channel, is sixty miles; and the town, though having about 40,000 inhabitants, is only famous for being the point where many warlike scenes have been enacted.

I arrived in Dublin on the morning of August 5th, at 8 o'clock, having passed about eighty miles through Wales, and the balance, except the last six, by steamer, about sixty miles in the Irish Sea, from Holyhead to Kingston.

The English Channel, at this point, is twenty-four miles wide, and we made the passage very pleasantly, a lady friend, Miss Harriet Bennett, daughter of Prof. Hughes Bennett, of Edinburgh, Scotland, whom I had agreed to accompany on her way home from school at Paris as far as London, being with me.

Through these people are suffering only the natural consequences of their own folly, yet there is something in their condition which appeals very strongly to the feelings of their countrymen at home.

—A dispatch from E. Joy Morris, United States Minister at Constantinople, to the Department of State, published in the Washington Chronicle of August 31st, says that the appeal for help is signed by all the remaining members of the Jaffa colony except sixteen; that no amount of contributions sent to them can prevent great loss of life and widespread suffering; and that the only effectual remedy is to provide them with means of transportation back to the United States at the earliest possible period.

—A CHURCH MISSIONARY FOR PALESTINE.—Yohannan El Harey has been ordained for missionary work in Palestine, in connection with the Palestine Christian Union Mission. He is a genuine son of the desert; of a fine athletic figure, dark hair flow-

ing over his shoulders, with black eyes keen as those of the eagle. After his conversion to the Christian faith, he encountered considerable difficulties from his relatives.

that it was in some cases impossible, rendering the little property they might chance to have liable to sale to satisfy the demands, and of course subjecting them to a removal from the premises, even though they may have recently built themselves a house, which they generally do at their own expense, though not invariably, I believe.

think it is strong enough to go alone)—with another array of facts: Throughout the Acts of the Apostles, the term Sabbath is applied by Luke to the seventh day. See Acts 13: 14, 42, 44; 17: 2.

SABBATH-SCHOOL PIONIC. AT SOUTHAMPTON, ILL. Thinking that some persons who read the SABBATH RECORDER may feel an interest in Southampton matters, I send some account of our Annual Sabbath-school Pionic.

The morning of Aug. 20th, the day fixed for the pionic, was bright and clear, with a cool, pleasant breeze. The people met at the meeting-house between 8 and 9 o'clock, well laden with baskets, boxes, trunks and children.

When the dinner was disposed of, the exercises of the day began. We had excellent orations by Truman W. Saunders; and Truman A. Saunders, members of the Young Men's Bible Class; an interesting Recitation by Mrs. S. E. Babcock's class of little girls; and a very good Essay by herself; a poem by Mrs. S. S. Soewell; and appropriate and heart-stirring addresses by Prof. C. H. Thompson, of Albion Academy; our Sabbath-school Superintendent, Mr. Charles Estee; our pastor, the Rev. L. Andrus; and the Rev. Mr. Gardner, pastor of the Presbyterian Church near Southampton.
