> MORE ANTI-INFALLIBILITY.-Another German theologian has been excommunicated. Dr. Schulte, professor of canon and civil law in the University of Prague, recently published a book entitled, "The Power of the Roman Popes." He argued against the claims of the Papal See, and opposed the new dogma of infallibility. He occupies a high position in the theological world, and is a man of great and varied attainments. That a sentence of excommunication should be leveled at him, and his book put upon the Index Expurgatorius are evidences that his influence is feared The position taken by the German ecclesiastics is ominous: but not more so, however, than the measures taken to repress their utterances and destroy their influence.

Abounds in thrilling passages and startling theories. Treats on living issues and recent revents. Reviews INFALLEBLITY AND THE WAR events. Reviews INFALLEBLITY AND THE WAR that GOD, NOT CHANCE, controls the world;
that GOD, NOT CHANCE, controls the world;
that Redemption is the Golden Thread of History, that Providence is its light; that God is in History, and all History has a unity because God is in it. These great truths have been overlooked by nearly all historians. God does control in the affairs of nations, and for His glory.
