THE DELIVERANCE. The conductor knelt down by the side of the engine; the engineer and the brakemen in any haste down by him; and all the passengers came and knelt down by them; and there, in the inspiring light of the burnt-out pile, in the rain and wind, they thanked God for the salvation of their lives.

upon by J. R. Irish, J. Summerbell, W. D. Williams, Stephen Burdick, and adopted.

The committee of reference submitted their report of modification of the Annual Report, which was adopted, and incorporated with said report.

The discussion of the report as amended was resumed, and remarks were made by D. E. Maxson, A. B. Spaulding, Geo. E. Tomlinson, Silas Bailey, and the report was adopted.

The report of the Auditors was submitted and adopted, and then by vote the Treasurer's Report was adopted.

The following resolution was submitted by S. S. Griswold, and adopted:

Resolved, that while the members of this Society approve the plan of the Board in carrying on operations without employing any special agencies to collect money, they deem it prudent to authorize the Board to appropriate such sum as may be necessary to compensate the Corresponding Secretary for labor expended in behalf of the Society.

On motion of Geo. E. Tomlinson, the matter of providing for an introductory discourse at our next anniversary was referred to the Board, with instructions to have said discourse preached on the Sabbath.

Voted, that when this Society shall adjourn, it do so to convene with the church at Southampton, Ill., in September, 1872, at the time of meeting of the General Conference.

At this point the Rev. J. N. Andrews, of the Seventh-day Adventist denomination, being called upon for remarks, gave an interesting history of the means which, under God, resulted in leading his people to the observance of the Sabbath of the Bible.

He also suggested some valuable thoughts on the subject of raising money for benevolent purposes, as practiced by his people.

After prayer by L. Crandall, the Society adjourned.
