CASES OF CONSCIENCE.

Dear Pastor:—In answer to your inquiry I will say that I am now living among Sunday-keepers...

The ministers of this place—First-day Baptist and Methodist—say that if they were living in a community where a large majority kept Sunday...

The Christian world are largely ignorant of the law of God. How much better, and more Christian-like, it would be, for this humble few to unite with the great body of their fellow-Christians...

I am, in the bonds of Christian love, YOUR COVENANT BROTHER.

Covenant Brother:—Your letter is before me, with your reasons for Sunday-keeping. Your views are not new; I have often heard ministers and others argue in this way...

I left home the 17th day of August last, for Pleasant Hill and Villa Ridge, and arrived the same day at Pleasant Hill. I preached on the Sabbath at that place...

Under the name of New Milton, West Virginia, Feb. 13th, Little James B. Davis writes that the little church in Ritchie county is in good working condition...

A letter from Milton, Wis., dated Feb. 12th, says: "We are having excellent sleighing now. For a few days, it has been quite cold, the thermometer touching twelve degrees below zero; but to-day the weather has moderated greatly."

Now you propose to suspend your own judgments; to thrust out and shut out from the arena of your inner life, especially from your conscientious, the enlightening and binding Word and Spirit of God, and to act solely upon the convictions and

ly or consistently "unite with the great body of their fellow-Christians" in the matter of Sunday-keeping. They witness against them as the transgressors of the law of God.

The wish which you express in the conclusion of your letter, is not likely to be realized by the methods and means you propose. People can be made one only through Christ, and by being sanctified through God's truth.

The requests, by brethren Bailey and Kelly, that God's children should remember them and their fields of labor, are most important. Brethren and sisters, all who love God and his truth, pray, day and night, that every laborer may be strengthened, and all the people who profess to keep God's commandments may be consecrated to the best-growing work to which we are called.

Dear Brother Lewis:—Brother Bailey and myself arrived at Brother Donnell's near Reynoldsburg, on Sixth-day, Jan. 13th. Brother Donnell though in poor health, had been spending his time well, visiting families, distributing Bibles, &c.

The following is my report for the quarter ending Oct. 31st, 1870: My labors have continued as usual. I preached every Sabbath during the quarter. The general question of public worship has been the subject of my Sabbath school continued in successful operation until the usual time to close it for the winter.

Another correspondent from De-Ruyter, N. Y. (B. G. S.), sending money and names of persons to whom tracts are to be sent, says: "I feel an interest in the work of Sabbath reform, and want to see it move forward."
